

Your fleet in view. Your customers safe.

People who rent a licence-free boat rarely know the lake's rules. Lago guides them while they navigate, and you see where your boats are at any moment.

LAKE LUGANO · FERRY LINES

01 Fleet tracking

Position, speed and heading of every boat on the web platform, refreshed every 15 seconds.

02 Nautical chart

Shores, piers, buoys, restricted areas and official ONI signs on the Lake Lugano map.

03 Help for beginners

Clear alerts, with vibration, when they enter the 150 m shore zone or go over 10 km/h.

04 Leaving the shore

An exit corridor drawn on the map: the shortest, correct way out to open water.

05 Safety

Emergency call with position, and man-overboard or boat-in-distress reports visible to everyone.

15 s

position refresh
